## Meet Our Director of Health & Wellness **LISA COOK**

---

Lisa Cook has more than 37 years of nursing experience – and can’t see herself doing anything else. “Nursing is truly a calling for me as I have been in this field since I was 16 years old,” she says.

After earning her bachelor’s degree in nursing, she went on to achieve a master’s in healthcare administration. She brings a wealth of knowledge and experience to her role as Director of Health & Wellness at The Legacy at Oak Hill.

She’s inspired every day to provide residents with the absolute best care and the utmost compassion. Much to our residents’ delight, Lisa’s passion for helping others extends to her service dog, Bella, who often visits the community.

Call **512-580-7066** to schedule a tour.
